

NOTIFICATION TO PARENTS OF THE SCREENING AND REFERRAL PROCESS FOR GIFTED SERVICES

In accordance with protocol for all schools within the Fulton County School System, Johns Creek High School screens students for eligibility for gifted services twice a year: during Fall 2011 from August 15 – 26; during SPRING 2012 from January 9 – 20.

I. Automatic Screening- At the beginning of the school year, TAG teachers review previous year's test scores.

Standardized Tests (New Students)

Students must have a minimum of an 85th percentile and a 90th percentile in two of the three areas: Total Reading, Total Math, and Complete Battery.

Students must score 80% or greater on system's Acceleration Assessment for English/Language Arts or Mathematics.

Criterion-Referenced Competency Test (Grades 4-9)

Students must score in the top 20 percent on the reading or mathematics section when compared to all other students in the system.

Grades (Grades 10-12)

Students must have an overall cumulative average of 95 or greater.

II. Classroom Screening- Johns Creek High School will screen students for gifted eligibility during the two-week period from January 9 - 20, 2012, to review **all** students in the school.

Classroom teachers use the *Characteristics Instrument for Screening Students* (CISS) to identify students with superior abilities in five or more of the following areas: motivation, interests, communications skills, problem-solving abilities, memory, inquiry, insight, reasoning, creativity, and humor.

Students who meet either the automatic screening OR classroom screening criteria AND who have supporting data gathered from test history, products, and/or advanced content levels are **referred** for gifted placement testing. Once referred to testing:

- Parents receive the *Parent Notification for Testing Consent Form*.
- Student is tested for the gifted program.
- Parents receive test results.
- ***If state eligibility is determined, students are placed in the TAG program.***

Parents may request to view their child's screening results.
